

## CURRICULUM VITAE

Paolo De Iuliis, born in Roma (Italy) has obtained his Veterinary degree from the University of Buenos Aires (Argentina) in 1987. He has been intern in Equine surgery in the University of Parma (Italy) and then practiced equine medicine and surgery in Roma.

He has been appointed regulatory veterinarian in Tor di Valle racetrack in Roma in 1994 and then has been consultant of the Italian horseracing authority (UNIRE) and general manager of Unirelab, the Italian state company managing the Italian racehorses anti-doping laboratory. He works as freelance visiting veterinarian for equestrian sport horses all around Middle East and currently attends show jumping horses of his customers in Tunisia, Egypt, Lebanon, Jordan, Kuwait, Syria, Qatar, UAE and Saudi Arabia.

Chief Veterinarian of Bassel Al-Assad Equine Hospital in Damascus (Syria) 2010-2011.

Veterinarian in Clinique Equine des Bréviaires in Paris region (France) 2012

He is consultant of the racing authorities of many countries for the start-up of anti-doping laboratories and the implementation of control policies in horse races.

Part time Quality Manager of Qatar First Lab in Doha, from 2014.

Team Veterinarian for the Syrian Equestrian Federation in the World Equestrian Games (Caen 2014)

Founder of Equine services [www.equineservices.com](http://www.equineservices.com)

His main professional interests are equine lameness, sport medicine and equine anti-doping control
